

DATA SHEET

FTS 68 – FTS 850

LIQUID SEPARATORS

MAKE IT BECKER.

FEATURES

- Removes liquids and solids separation reliably from the suction air
- 99% liquid removal efficiency
- Protects pump from corrosion and premature failure
- Integrated stainless steel ball float
- Liquid drain port
- Transparent housing for visual filter monitoring¹⁾

¹⁾ Under certain circumstances, the transparent housing can age prematurely or be damaged by liquids such as oils, solvents, cooling lubricants, etc. In this case, the alternative steel housing should be used.

²⁾ Space for removing filter cartridge (removal height)

• Dimensions in mm [inch]

MAKE IT BECKER.
